Profile

Motivated with multiple college degrees and talent for quickly mastering technology. Flexible and versatile – able to maintain a sense of humor under pressure. Poised and competent with demonstrated ability to easily transcend cultural differences. Thrive in deadline-driven environments. Excellent team-building skills.

I. Info Prism Solutions (P) Ltd, Thrissur, India June 2014 to October 2014 Project Trainee (Internship)

For my MCA Internship, my final project was to develop “AI Opinion Mining” software. “Opinion mining”, a sub discipline within data mining and computational linguistics, refers to the computational techniques for extracting, classifying, understanding, and assessing the opinions expressed in various online news sources, social media comments, and other user-generated content. Sentiment analysis is often used in opinion mining to identify sentiment, affect, subjectivity, and other emotional states in online text.

Responsibilities:

-Developing applications using SQL Server 2010 at back-end, respectively.
Involved in designing Class Diagrams, Sequence Diagrams, and UML Diagrams.

Technologies: Asp .Net, C#, .NET Framework 4.0, Visual Studio 2010.

- **RDBMS:** ADO .NET
